FLORENCE
SEWING MACHINE.

Copy of the Report of the Committee of Awards at the Fair of the
AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

MEDICAL.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS
Invariably Cure the following Diseases:

Asthma,
Bowel Complaints,
Coughs,
Colds,

AN OLD HAND

Blue veined and wrinkled, knuckly and brown,
This good old hand is clasping mine;
I bend above it, and looking down,
I study its aspects, line by line.

This hand has clasped a thousand hands
That long have known no answering thrill;
Some have moldered in foreign lands—
Some in the graveyard on the hill.

Clasped a mother's hand, in the day
When it was little and soft and white—
Mother, who kissed it, and went away
To rest till the waking in God's good light.

Clasped a lover's hand, years agone,
Who sailed away and left her in tears;
Under Sahara's torrid sun,
[illegible] years and years.

Clasped the hand of a good man and true,
Who held it softly and fell asleep,
And woke no more, and never knew
How long that impress this would keep.

Clasped so many, so many!—so few
That still respond to the living will,
Or can answer this pressure so kind and true!
So many that lie unmoved and still!

Clasped, at last, this hand my own;
And mine will molder, too, in turn:
Will any clasp it when I am gone?
In vain I study this hand to learn!

JOHN H. SURRATT AND THE CONSPIRACY AGAINST THE GOVERNMENT.—The Boston *Advertiser*, of November 29th, says:

A dispatch by the cable informs us that the presence of John H. Surratt, under an assumed name, in the Papal army—which has been more than hinted at in several recent speeches by Mr. Boutwell—has been definitely ascertained, and that a formal demand for his extradition was made a few days ago by the American Minister; that the criminal was arrested, but afterwards broke from his guards, leaped down a precipice and escaped. If ever American hands again hold control of the life of John H. Surratt, we trust that the case may be more skillfully managed than at the trial of his fellow-assassins. He stands as the only known representative of a conspiracy which, though it was formed and culminated within the last two years, though six or seven of its members have been employed to sift it to the bottom, is to-day wrapped in as dense and unfathomable mystery as covers any similar plot in the dimness of the middle ages. The extent of the general ignorance about it may be well gauged by the fact that of the two well known gentlemen who were put in charge of the case by the Government, and studied it long and closely, one still declares that Jefferson Davis was the chief conspirator, while the other stakes his reputation on the shocking and incredible accusation that the present President of the United States was an accomplice in the plot. All the facts in the case are known to John Surratt, and to no other man who can be named; and with his person in our possession the Nation could well afford to offer him his life, his liberty or any other price which might be sufficient to secure it, to obtain from his lips the information which will shed the light of day upon the most interesting criminal mystery of our time. Hitherto the policy of those entrusted with the matter has been to disdain all information in elucidation of the problem from those who alone were able to give; and Mrs. Surratt and the rest lie in the endless silence of the grave, while our records are defaced by the testimony of Booth, Montgomery and Conover, while John Surratt, convicted of no crime, yet a chance to repair the evil which, if he dies with his lips sealed, may be irretrievable.

TRUE AND TOUCHING INCIDENT.—A young man and his wife were preparing to attend a Christmas party at the house of a friend, some miles distant. "Henry, my dear husband, don't drink too much at the party to-day; you will promise me, won't you?" said she putting her hand upon his brow and raising her eyes to his face with a pleading smile. "No, Millie, I will not; you may trust me," and she wrapped her infant in a soft blanket and descended. The horses were soon prancing over the turf, and pleasant conversation beguiled the way. "Now don't forget your promise," whispered the young wife, as they passed up the steps. Poor thing! she was the wife of a man who loved to look upon the wine when red. The party passed pleasantly; the time for departure drew near; she descended from the upper chamber to join her husband. A pang shot through her beating heart as she met him, for he was intoxicated; he had broken his promise. Silently they rode homeward, save when the drunken man broke into snatches of a song, or unmeaning laughter. But the wife rode on, her babe pressed closely to her grieved heart. "Give me the baby, Millie dear, I can't trust you with him," he said as they approached a dark and swollen stream. After some hesitation she resigned her first born—her darling babe, closely wrapped in a warm blanket—to his arms. Over the dark waters the noble steeds safely bore them; and when they reached the bank, the mother asked for the child. With much care and tenderness he placed the bundle in her arms; but when she clasped it in her arms no babe was there! It had slipped from the blanket, and the drunken father knew it not. A wild shriek from the mother aroused him, and he turned around just in time to see the little rosy face rise one moment above the dark waters, then sink forever, and that by his own intemperance! The anguish of the mother and remorse of the father are better imagined than described. —*Glasgow News.*

A PLEA FOR POLYGAMY.—In a late harangue in the Salt Lake Tabernacle Brigham Young used the following clever argument in favor of the introduction of polygamy into New England: "The last time I was in the city of Lowell there were fourteen thousand more females in that city. That is many years ago. They live and die in a single state, and are forgotten. Have they filled the measure of their creation, and accomplished the design of heaven in bringing them upon the earth? No!—they have not. Two thousand good, God-fearing men should go to Lowell, and take to themselves seven wives apiece. It is written in the Bible, "and in that day seven women shall take hold of one man, saying, we will eat our own bread, and wear our own apparel: only let us be called by thy name, to take away our reproach." The Government of the United States do not intend that prophecy shall be fulfilled, and the Lord Almighty means that it shall. Do you not think the Lord will conquer; I think He will, and we are helping Him. It is the decree of the Almighty, that in the last days seven women shall take hold of one man, etc., to be counseled and advised by him, being willing to spin their own wool, make their own clothing, and do everything they can to earn their own living, if they can only bear his name to take away their reproach."

POLITENESS IN BUSINESS.—Politeness in business is a large addition to your capital already invested. It keeps your customers in a good humor, and gains new ones for you every day. It is the charm that smooths and softens the rough paths of business. It is the 'philosopher's stone' which turns everything you touch into gold. It invests commercial life with most of the poetry which ever adorns it. It makes men like you, and love to deal with you. It gains you the kind words and good offices of those with whom you daily come in contact. It has been humorously and truly said by one, that he preferred making his yearly bill with a polite merchant who would cheat him a little, than with a rude, rough and habitual impolite one, who would *honest* him a great deal. Honesty and honor are commendable and shining qualities, it is true, but they never looked better than when they are found in a setting of genuine politeness and good breeding.

INCENDIARISM.—The warehouse of John J. Pyle, Jr., near Vallejo, was set on fire and destroyed on Monday night, together with its contents consisting of a large amount of hay. The property was insured for $1,600 in the Pacific Insurance Company of San Francisco.

SEMI-WEEKLY ENQUIRER.

SATURDAY, DECEMBER, 29, 1866.

SETTLE UP.—Next week our Collector will visit the patrons of this paper for the purpose of settling up all indebtedness either for advertising, subscription or job-work, and hope our patrons will respond to his calls willingly. We are now furnishing weekly almost double the amount of matter furnished by any other paper in the county and persons can readily see that this incurs an additional outlay on the part of the proprietor, to meet which he is compelled to collect the amounts due him. The amounts due us in most cases are small but in the aggregate amount te something which we consider re-pectable; at any rate want a settlement, the first of January is the proper time to adjust the transactions of the old year, and every one feels better to know just how and where he stands We want to pay our debts, and the only way we expect to accomplish this difficult feat is by collecting that which is owing us, and for which we have honestly labored. Persons knowing themselved indebted to us can remit the same by Express at our expense.

HO! FOR CHINA, AND INTERMEDIATE PORTS.—The first class steamer Colorado will leave San Francisco on Tuesday next for China and Japan, carrying the United States mails. The price of passage has been reduced from [illegible] first cabin, $300; second cabin, $280; steerage, $55 50. To Japan, first cabin, $200; second cabin, $150; steerage, $36.

At last we are about to inaugurate a communication with which we will competewith nations that have grown rich by eastern commercial advantages; we are soon to be placed in position to be the recipients of a trade that will tend greatly to give our commerce an impetus heretofore unknown. The day upon which the Colorado leaves her wharf for China may be dated as the dawning of a new era of trade to the people of our country. As local points, San Francisco and Sacramento have a truly bright and enviable prospect before them. In a few years the Pacific Railroad will bring us the manufactures of the Atlantic States whilst the steamers from China and Japan will empty into the lap of our young State the rich fabrics and rare mechanisms of the Eastern lands. If we do not profit by the superior advantages offered us, then geographical position and the fostering care of the Government will have been thrown away upon a people who failed to see the opportunities placed almost within their grasp which taken would lead to prosperity, greatness and renown.

GOOD TIME.—The ball which come off at the theater in this place on the evening of the 25th under the auspices of Good Templars was everything that the most ardent admirers of that organization could wish, so far as the completeness of the prepation was concerned. The attendance was not as numerous as it doubtless would have been had the weather been propitious; the attendance would have been good, but the storm having continued and the night being extremely inclement the number in attendance did not exceed seventy-five persons, about thirty of whom were ladies. Those who were present, however, enjoyed themselves well, and the festivities were kept up until about 3 o'clock when the participants returned to their respective homes highly gratified with the pleasures of the evening. Great credit is due the Committee of Arrangements for their exertions in rendering the guests comfortable, and having the party go off so pleasant and satisfactorily.

FUN AHEAD.—Notwithstanding the severe inclemency of the weather the people of Gold Run as well as our own town appear determined that the "holidays" shall pass off in the "good old way," by fetes in commemoration of the old year as well as welcomes for the approaching new one. On Monday evening next Mr. Richardson of the Gold Run Hotel will give a ball at his establishment, to which all are invited. Mr. R. is a new man in the hotel business at the Run, and as it is said that a "new broom sweeps clean" we may confidently expect him to eclipse any similar occasion of this character. He keeps a strictly temperance house which should be a good guarantee that everything will be conducted in order.

Mr. Farr, of the Coburg Hall, at this place, will also give a social dance on New Year's, when the best of music will be engaged and exertions made for the gratification and pleasant satisfaction of visitors.

HEAVIEST RAIN FALL ON RECORD.—We learn by the *Bulletin* that the fall of rain for the twenty hours ending at quarter past eight o'clock on Friday 21st inst. was 7.76 inches, nearly double that of any day ever before recorded in San Francisco. Up to forty-five minutes past four o'clock Saturday the fall was 1.97 inches; from then to forty minutes past seven o'clock it was 2.27; from that time to fifty minutes past nine o'clock it was .85, from that time to nine oclock Sunday morning 1.20, and from ten o'clock to quarter past eight Monday morning it measured 1.47 inches, making a total of 7.76 inches. Tennet's rain guage, which holds three inches, overrun.

As many away from this vicinity would like to know the distance set apart for pedestrian exercise in their exertions to reach the classic precincts of Teutonic Plain, we will state that at last advices the distance was a little less than two miles. It has been erroneously reported however, that this distance was a "*hard* road to travel," such is not the fact; a softer road is not in the State, this report was circulated doubtlessly by the Placerville people who are mad because Crocker wouldn't buy their rice from them.

TERRIBLE FIRE AND LOSS OF LIFE.—On the morning of the 24th inst., a fire broke out in the second story of the Central House on First street, San Francisco, and before the lodgers succeeded in escaping, was completely wrapped in flames. Some jumped from the windows and others, three in number were suffocated before they could get out of the burning building. There had been a dance in the house the evening previous and it is supposed that the fire originated through the carelessness of the boarders.

MASONIC.—At a regular meeting of Rising Star Lodge No. 88, F. & A. M., held December 15th, the following officers were elected and appointed for the ensuing Masonic year. J. M. Miner, W. M.; R. Parkhurst, S. W.; J. F. Smith, J. W.; S. S. Willard, Treasurer; A. Huntley Sec'y.; J. R. Glover, S. D.; A. Fast, J. D.; G. H. Flye, Marshal; A. Cowden and John Hatch, Stewards, F. Allen, Tyler.

ROADS.—We desire to call the attention of our very able and efficient road Commissioner for this Township to the terrible condition of the road between this place and Gold Run. We suppose he had as soon expend a little money on this road as any other, and we are certain he would receive the thanks of both communities for so doing.

OUR friends will please remember that notwithstanding our gratifications at all times to meet them, and extend to them the hospitalities of our 16 by 20 office, we prefer their room to their company on Tuesday and Friday evenings. Other evenings than those named we will be delighted to greet them.

SNOW at Meadow Lake is eight feet deep and the road is *not* open to Cisco save for animals—on snow shoes.

REPORT OF THE SECRETARY OF WAR.

The report of the Secretary of War contains many facts of great interest to the general reader. We condense the following.

BREECH LOADERS.

The War department, by an order of January 3, 1866, directed a board of competent officers to test and report of the various models of original breech-loaders. Their report has been submitted and an order has been given for the conversion of the Springfield musket into breech-loaders. The modification can be effected at little expense and it is believed so successfully as to render it better in all respects than the Prussian needle-gun. The Government has already on hand a supply of breech-loaders for the Cavalry, mounted, and light infantry.

ARTIFICIAL LIMBS.

From July 16th, 1862 to July 1st, 1866, there have been supplied to disabled soldiers 3,981 legs, 2,240 arms, 9 feet, 55 hands, and 125 surgical apparatus. One thousand limbs remain to be supplied.

CEMETERIES.

Forty-one National Cemeteries have been established, and into these, had already been gathered on June 30th, the remains of 103,526 Union soldiers. The sites of ten additional cemeteries have been selected. When all shall have been gathered whose remains are not now reposing in suitable burial grounds, it is estimated that our National cemeteries will be required to receive and protect the remains of 249,392 patriotic soldiers, whose lives were sacrificed in the [illegible] tence. The cost of each removal is $9 75 amounting in the aggregate already, to [illegible] stead of wooden head-boards heretofore used, it is proposed to erect at the graves, small monuments of cast-iron suitably protected by zinc coating against rust.

COURTS-MARTIAL.

During the past year 8,148 records of courts-martial and military commissions have been received, and filed. Four thousand and eight special reports, made as to the legality of judicial proceedings, the pardon of military offenders, the remission or commutation of sentences, and upon the miscellaneous subjects and questions referred for the opinion of the Bureau, including also letters of instructions upon military law and practice to Judge Advocates and Reviewing officers.

DEFENSES.

The permanent defenses of the country have been strengthened, cannon of largest caliber have been substituted; also improved models for lighter guns—wrought iron for wooden gun-carriages. Important experiments are in progress having in view the extensive use of iron shields as armor for the protection of guns and gunners. The results already attained give the promise of highly practical and beneficial results.

MORTUARY RECORDS.

Arrangements will soon be consumated for the permanent security of its valuable mortuary records including 16,000 folio volumes of hospital registers, 47,000 burial records, 16,000 hospital muster and pay rolls, alphabetical registers of the deed, containing 250,000 names of white and 20,000 of colored soldiers, and the pateological collection constituting the army medical museum.

ARSENALS.

Fireproof workshops have been completed at Frankford and Alleghany Arsenals; three magazines with a capacity for storing fifteen barrels of gunpowder have been built at St. Louis arsenal; also one of the same capacity at Washington City and Benicia. Preparations are being made for the construction of others for storing all our powder, amunition and mitre. The chief of ordinance recommends the sale of the armory at Harper's Ferry, also the North Carolina arsenal, their reconstruction being deemed inadvisable.

WEAR OF ARMS.

The ordinance returns for three consecutive years, including a period of active service and ordinary repairs, show an average duration of five years for cavalry carbines, of four years for cavalry pistols, sabres, and accourtrements, of seven years for infantry muskets, and of six years for infantry accoutrements.

FREEDMEN AND REFUGEES.

The education of Freedmen and refugees has been carried on vigorously, under the immediate patronage of benevolent societies. A superintendent of education devoting his whole time to his work, is stationed at the Bureau headquarters in each State. It is estimated that 150,000 freedmen and their children are now attending school in the Southern States. Schools for refugee white children are also established, and their formation everywhere encouraged by the Bureau.

DESTITUTE.

Detailed reports are given of the operation of the bureau in each State and in the District of Columbia. Over thirteen million of rations were issued between June 1, 1865 and Sept 1, 1866. The average number per month to refugees and freedmen was 894,569. The issue to whites increased until June 30, 1866, when issues to freedmen and refugees were about equal.

SILK FACTORY.—Messrs. Newmann & Meyers are pushing forward the work on their new factory for the manufacture of silk with commendable dispatch. They have erected a large wooden building, to be used for storing their machinery (much of which is already on the ground,) and also as a boarding house for the workmen in the construction of the main building. Ground has been broken and work commenced on the main structure, which is to be of brick, and 80 by 45 feet in dimensions. The factory is located on the right bank of the Los Gatos, about one and one-half miles from First street, and near the bridge leading to Spilvola's vineyard. In view of the projection of this enterprise, several of our citizens have engaged in the culture of the mulberry, which grows to perfection in this valley. One party—Mr. Crosby—is planting one hundred acres in mulberry trees—Mr. Prevost, the pioneer silk grower, is now busily engagaged in preparing his Silk Manual for the press. It is a work that will give full information on all subjects pertaining to the production of raw silk. It will be out in the course of a few weeks.—*San Jose Mercury.*

COMPARATIVE HEIGHTS.—The grade of the Central Pacific Railroad at Cisco, is 5,911 feet above the level of the sea, only 315 less than the top of Mount Washington, the highest peak of the White Mountains and the highest land in New England. When the grade reaches the summit it will be 7,042 feet above the level of the ocean, 816 feet higher than the summit of Mount Washington. From this comparison the gigantic undertaking can be appreciated.

TWO MEN DROWNED IN OAKLAND.—Thursday evening Mr. Downey and a young man about sixteen years old, said to be the son of a jeweler in Oakland, went to the milk ranch of F. K. Shattuck to attend to some business, and while in the house, which reached over a creek, the water suddenly rose and swept the house off, drowning both. The ranch is situated near the college grounds, in the eastern part of Oakland.

COLLISION.—On Saturday afternoon last, says the Stockton *Independent*, when the steamer Chrysopolis was starting from Sacramento to San Francisco, a collision occurred. When swinging down stream, the Chrsopolis came in contact with the Governor Dana, the conflict damaging to a great extent the bulwarks and other upper works of the Dana.

SUICIDE.—Colonel R. A Wainright, of the United States Ordnance Corps, commanding at Benicia Barracks, committed suicide at Benicia on Sunday, by shooting himself through the head with a pistol, during a temporary fit of insanity.

GOOD.—There was in the Treasury of the United States on the 17th instant ninety-five millions, five hundred and seventy-seven thousand dollars in gold and gold certificates.

SEMI-WEEKLY ENQUIRER.

RELIGIOUS.—Rev Mr. Damon, who has of late been supplying in Boston and New York and still more recently has been laboring for the "Army and Navy Union" in the eastern States is supplying the pulpit of the Union Church for a few Sundays until a more permanent arrangement can be made.

Mr. Damon will preach to-morrow. Subject: Morning—"Benevolence and impulse." Evening—"Benevolence and principle."

REV. P. Y. Cool will officiate at the Methodist Episcopal to-morrow morning and evening at the usual hours. Sunday School at 1 o'clock, P. M.

THE PLACE TO BUY.—Now that we are in the midst of the holidays, when everybody feels good natured, or ought to, and the time has arrived when the female friends of young gentlemen feel that an appropriate present of some of the beautiful articles at Mr. Raphael's would be acceptable; time and the prices being suitable, we advise those who would perpetuate their friendship with "little angels" to give Franklin's place a call where they will find articles suitable for men, girls and boys, souvenirs for your sweetheart and tokens for your wives.

ALL RIGHT.—We understand that the Yuba Company's ditch is now all right having been obstructed but a few days by a [illegible] and breaking the flume just below Alta. Mr. Holmes, the energetic Superintendent, soon had workmen on the ground and but a day or two elapsed before the accident was thoroughly remedied, and the waters of the Yuba now boom with their accustomed velocity to the glad miners of Gold Run.

NOT YET.—The flume being constructed over the recent slide is not yet completed, owing to the continued inclemency of the weather as well as the continued sliding of the ground upon which the Company are compelled to erect their works for the flume. Capt. Gardner, with his force of employees are doing all that is possible to be done in the premises and will complete the work as soon as it can be done; but human exertions are futile when they come in contact with the elements.

EXTERMINATORS.—Notice Costar's list of vermin exterminators for sale at Dr. Strong's drug store, and rid yourselves of these troublesome pests. One box of the Exterminator is warranted to kill a thousand rats, mice and roaches if to be found within ten miles of an open box.

"SKIMPOLE" is unavoidably laid over till our next.

THE ELECTED CHIEF.—The Cherokee Legislature, October 15th, elected William P. Ross principal Chief of the Cherokee Nation. He was elected by a two-thirds vote, and his inauguration took place the next day. The impression has prevailed that John R. Ridge, of Grass Valley would be honored with this chiefship. It appears that he was not a candidate. The vote not cast for Wm. P. Ross were divided between Lewis Ross and Judge Keys.

GOING AHEAD.—Chicago, the great city of the Northwest, which has been so long a marvel of rapid growth, is still increasing with rapidity. During the present season nearly eight thousand buildings have been erected there, at a cost of about $7,000,000.

HORSE STEALING.—Santa Clara is overrun with bands of horse thieves who are continually committing depredations upon farmers and stock raisers. Several of the rascals have recently been caught.

MANY persons think themselves perfectly virtuous because, being well fed, they have no temptation to vice. They don't distinguish between virtue and victuals.

TRY it and you will be convinced that Hall's *Pulmonary* Balsam is the best medicine in use for coughs and colds.

MEDICAL.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.,

which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most [illegible] for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not a instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

REDINGTON & CO.'S COLUMN.

REDINGTON & CO.'S
ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

IMPOTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.—Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion. Extracts from his letter, published in the Baptist Missionary Magazine: "For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercise, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through [illegible] is quite incredible; what antidote [illegible] poison their stings must contain! HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. It, this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted, with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. jy 7 12m

A MOTHER'S WORK.

BY AN OLD BACHELOR.

Toiling all day like a galley slave,
Teaching the little brats how to behave,
Hearing the older ones quarrel and fight,
Slapping and cuffing with all their might;
Washing and brushing and blowing their noses,
Such in the mother's work until the day closes.

Sewing up rents in their best pants torn,
Patching on new cloth over the worn;
Never once pausing to count the stitches,
But darning alike the boys and the breeches;
Thankful in heart when they out of the way,
Such in a mother's life day by day.

Sending each night-gowned urchin to bed;
Longing to hear the last word said;
Wishing them happy in Heaven above,
With all the warmth of a mother's love;
Now, may the good angels be thankful alway,
That they never work like a mother all day.

"WHAT'LL YOU LAY IT'S A LIE?"—One of the officers of the steamer Calumet, which plies regularly between Vicksburg and Tallahatchie, tells the *Whig* of the former city the following veracious snake story: "On the Tallahatchie river, not long ago, an enormous rattlesnake found a setting turkey hen on her nest, and crawled over her in exactly two minutes and forty seconds by the watch, and then swallowed the eggs, twenty-one in number, three at a time, without cracking a single shell; after which he immediately relapsed into that state of torpidity peculiar to Tallahatchie snakes after a big dinner. Anxious to see the denouement of this snake affair, the owner of the unfortunate fowl allowed his snakeship to go unmolested, who, coiling himself in a fence corner, remained there quietly for nine days, with his mouth wide open, when the eggs having finished the process of incubation, the juvenile turkeys stepped out of his mouth one at a time; but as each one of them put his feet on *terra firma*, it was swallowed again by this 2:40 snake before it had time to look up at the sun. All this happened about six weeks ago, and as soon as the last turkey was disposed of, the rattlesnake was caught and put in a barrel of two hundred and ninety-five per cent. alcohol, and on every clear day those young turkeys can yet be heard chirping."

GOOD FOR ALL LATITUDES, DUTCH FLAT INCLUDED.—An editor thus nudges his delinquent subscribers: "We don't want money desperately bad, but our creditors do, and no doubt they owe you. If you pay us, we'll pay them, and they'll pay you."

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for Dr. Biot's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured, at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

[illegible] health. See [illegible] of my circulars on that disease, and inform yourself of its ter[illegible]. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

Consultation at the office or by letter, FREE.

Cures in all cases guaranteed

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, [illegible] in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually re[illegible] and cured place it in point of number of patients [illegible] the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world many and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Crippies, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
